

Wetteren, June 10th 2013

DECLARATION

Recticel herewith declares that all foam grades, produced by the Group, do not contain the heavy metals Pb, Hg, Cd, Cr(VI), polybrominated biphenyls (PBBs) and polybrominated diphenylethers (PBDEs) as described in the European Directive 2011/65/EC (RoHS II – revision of RoHS Directive 2002/95/EC) and its amendments.

However it is not excluded that impurities, present in raw materials, are unintentionally added.

Certified correctly,

Joost Monstrey, Dr. Chem.
Corporate HSE Manager
